

Welcome to The Yorkshireman Shepherds Hut.

To help your stay be as pleasant as possible we have compiled a list of helpful hints/tips and places to visit.

PLACES TO EAT: If you turn left out of the gate and follow the road you will arrive at Fletcher's farm coffee shop.

If you turn right out of the gate and at the bridge turn right again follow the road ½ mile into the village there are plenty of cafes, 2 pubs and takeaways as well as a selection of shops.

PLACES TO VISIT: We have provided a map and a few leaflets of places you may wish to visit or walk to whilst you are staying with us but please do not take these away. We have photocopied the map of the surrounding area to take with you if you wish to explore.

HEALTHCARE: There is a pharmacy in the village and also a local Doctors surgery (01642 723421). For other emergencies the nearest A/E dept is at James Cook University Hospital in Middlesbrough or ring 111 for further advice.

We would appreciate your help keeping the hut clean and safe by following these instructions:

NO SMOKING in or near the hut.

HOB: Please ensure the electric rings are cold before shutting the lid

SURFACES: Please use the cork mats provided to avoid staining/markings on the oak surfaces. The table pulls from the middle of the bed above the doors.

BINS: The main bin is behind the hut and we would appreciate it if you would recycle what you are able by placing items in the appropriate bin.

SANITARY WEAR/WIPES: Please **DO NOT** flush anything other than toilet tissue down the loo. We are on a septic tank system.

MUDDY BOOTS: Please leave muddy shoes/wellies/boots into the box outside the hut.... there are some disposable slippers for your convenience to use inside the hut if needed.

STEPS: Please take care entering and leaving the hut especially when they are wet. Also please take great care climbing in and out of the bed or when using the stool provided.

LOG BURNER: Please do not use firewood from the hedge backs etc. There are some firebricks under the bed.

ANIMALS: We are a working farm and may have livestock in the adjacent field. Please do not feed them or go into the fields. Please close all gates behind you.

No smoking in or near the Hut

Whilst we will aim to make your stay a safe one we are not responsible for any accidents that have been caused by negligence of the visitor or failure to adhere to the safety advice we have laid out. We are not liable for any damage/theft of goods of client's property/vehicles and suggest that you take any valuables with you and ensure that you have your own holiday insurance.

We appreciate that accident damage happens so please let us know as soon as possible if there is a problem. If the damage is major we will ask you for the cost of repair/replacement. We have public liability insurance.

There is a fire extinguisher in the shepherds hut...please familiarize yourself with how to use it (which we hope wont be needed).

If you have enjoyed your stay feel free to leave any comments in the visitor's book (or if not please leave constructive criticism).

We really hope you have a relaxing and enjoyable stay and hope you will visit us again in the future.

Many thanks

Caroline and Andrew
